■ COUNCIL ACTIONS FOR COMPANIES

MEDEF International began its activity with Mongolia in the late 1990s, as the country completed its political transition and economic liberalization. The Council, officially created in 2000, is chaired by Mr. Christophe FONTAINE, Chairman of Roxalex.

Over the years, the Council has welcomed an increasing number of French companies, large groups and mid-sized companies, wishing to play an active role in Mongolia's economic diversification, in sectors such as agri-food, energy, tourism, health, distribution, construction or in the context of contracts relating, among other things, to the modernization of municipal services and infrastructure, security or digitalization.

A small market (3 million inhabitants) and sensitive to fluctuations in raw materials prices, Mongolia is also seeking to diversify its economic and commercial partnerships, a voluntarist political choice which is leading the authorities to attract European companies, in particular, qualified as "third neighbor."

The meetings of the Council, which are held on a regular basis in France, and business delegations to Ulan-baatar have become through the years a recognized and privileged framework for:

- putting French companies in touch with the country's highest public authorities and with the relevant economic decision-makers,
- meeting the Mongolian private sector, beyond major groups in the extractive sector. MEDEF International and its partner MONEF, promote contacts between companies in both countries,
- gaining keys to understanding and in decision making for their activities in Mongolia.

→ Reports of business meetings and delegations are available to MEDEF International's members on request.
